Becoming God

It was the time I watched you

Move with the room away from me

And back to me again

When my voice returned

When I returned to the human form
In which I am trapped

When I could see past the body
In which you are trapped

When I could see you

All of you

And I said how beautiful

You are

Here accepting me

And I am here

Accepting you

How tragic

How beautiful

When you were fully you

Knowing me fully

Loving me

When we were love

When we became God

Together

In no physical sense

When our spirits released and intertwined

Never to part

Always to be

When I called out to you for comfort

And you were there

When your body melted into mine

And we returned

And I felt you enwrap me in light

When you saw me

When you saw me

You saw me

And I saw you

I saw you

When I saw you

That's when I knew

We are love

When you loved yourself

When I loved me

When I truly loved you

When I didn't need you

But wanted you

When I was able to stand on my own

But chose to have you

help me though my pain

Because I knew

it would be quicker

Because I knew you are strong

Because I knew we are strong

Because I knew you are strong

When I asked

I asked you to hold me

With my hand

I reached out

I called your name

I said it was so beautiful

And I cried
And you cried

When you cried

That's when I knew

I knew we are love

It was then I knew

we would always

Be.

You are
And I am
And we are

Love

God

It was then

We became God

When I felt you enter me

When I felt us mingling

When neither lead

And neither followed

And both lead

And both followed

Because you are
And I am
And we are

When you moved

And I enjoyed it

More than any other moment

More than any other dance

More than any other partner

When I enjoyed you

And you let me

When we moved in tandem

When we enjoyed the music
And felt it flowing through us

When our eyes open and flowed
Into one another
And mingled

Just like I asked for

Just like I wanted

When we became God

Again

Under different circumstances

When you and I were

When you let me be me

When I was unafraid

When you calmed me

When you shared my bliss

When you never left my side

And she blessed us

And we smiled

And we looked at one another

And we knew we are love

That's when I knew
We will always be

We have always been.
