ANNUAL RING '63

ANNUAL RING '63

The Yearbook of the
Louisiana State
University School
of Forestry and
Wildlife Management

FOREWORD

THE ANNUAL RING is published as a record of student life in the LSU School of Forestry and Wildlife Management.

The staff members of this year's publication take pride in presenting it to the students, faculty, alumni, and friends of the school.

We wish to especially thank the Forestry Alumni Association and our advertisers for their continuing support.

DEDICATION

The staff of the 1963 Annual Ring is proud to dedicate this year's edition to Mr. Clifton B. Marlin. Mr. Marlin is a man we have all come to respect and admire since he came to LSU in the fall of 1961. He is never too busy to listen to anyone's problems and to lend a helping hand if he can.

Mr. Marlin was graduated from Mississippi State College in 1943. He was a Special Honor Graduate, an Honor Military Graduate, a member of Alpha Zeta, Beta Beta Beta, and Scabbard and Blade.

He served in the U.S. Army in Germany during World War II; he received a Purple Heart for wounds he received in action there.

Mr. Marlin received his Master of Forestry degree at Duke in 1949. While he was at Duke, he became a member of Sigma Xi research fraternity.

He taught forestry and conducted research at Mississippi State University during the 1949-50 school year, after which he went to work for the Mississippi Forestry Commission. Mr. Marlin worked for the Mississippi Forestry Commission for ten years, five of which he served as State Forester of Mississippi.

In 1961, Mr. Marlin resigned from the Mississippi Forestry Commission to accept his present post at LSU. Since he has come here, he has been initiated into Xi Sigma Pi honorary forestry fraternity, and he is presently serving as one of the Faculty Advisors for the LSU Society of Foresters.

Mr. Marlin and his wife are of Baptist religious persuasion; they have one son, Roger, who is thirteen years old.

THE DIRECTOR'S MESSAGE

By DR. P. Y. BURNS

Director of the School
of Forestry and Wildlife
Management

B.S., Tulsa, 1941
M.F., Yale, 1946
Ph.D., Yale, 1949

To: ANNUAL RING editor Frank Bock

It has been truly said that this is the Age of the Report. The faculty of the School has just completed a self-study report containing 57 pages. This report is a part of the overall University self-study project, which has for its purpose to make a critical analysis of L.S.U., including a frank presentation of its problems and weaknesses, as well as to obtain suggestions for its improvement.

All members of the School faculty participated in our self-study. Some highlights of the self-study report are:

1. The primary purpose of the School is to provide a program of studies in forestry and wildlife management. Other purposes are (a) research and (b) conferences and short courses for off-campus persons.
2. Course offerings and the School's curriculum are now under study by the faculty with a view toward revision.
3. The quality of instruction in algebra and trigonometry suffers because of the use of graduate students as teachers.
4. The graduate program would be aided by the addition of a forest tree physiologist to the staff.
5. The School needs larger and better equipped labs and more graduate assistantships. Classroom and office space is now adequate.
6. Although the School is strongly oriented toward undergraduate work, graduate work will expand in the next decade.
7. Good teachers at L.S.U. do not get enough recognition.
8. The School's research program suffers from lack of financial support.
9. Some recent incidents indicate a deterioration of the intellectual atmosphere on the L.S.U. campus.
10. The faculty at L.S.U. does not play a significant enough role in determining educational policy.
11. The School's faculty members are serving as officers in several professional societies.
12. The School faculty's morale on the whole is good, although it could be improved.
13. The library's resources are abundant in all fields of concern to us.
14. The School's Alumni Association is outstanding in its firm support of the School.

The Pinettes is an organization composed of wives of forestry students and professors at L. S. U. The organization serves to familiarize the members with the profession of forestry, to give the wives an opportunity to become better acquainted, and provides common interest programs.

The Pinettes was founded in 1955 by Mrs. Paul Burns and Mrs. William C. Hopkins. Mrs. Burns and Mrs. R. J. Muncy serve as sponsors.

Coffee and Doughnuts

SPECIAL HONORS TO FRED AND RAY

FRED MILLER

RAY WILKINS

Fred Miller, standout tackle for the Fighting Tigers, played most of each game in the opponent's backfield. A bulwark of the White Team line during the 1962 season, Fred was selected to the Look Magazine All-America football team, as well as a number of others. According to a Cotton Bowl write-up, Fred was described as "showing the way for his teammates with hardhitting football on offense and defense." As a participant in the Senior Bowl game, he was chosen most valuable player for the South by the sportswriters. Fred has been elected permanent captain of the 1962 LSU football team as an indication of the esteem his teammates hold for him. He will play pro football with the Baltimore Colts.

Ray Wilkins is a three-year Go team halfback and a senior in forestry of whom we are also very proud. "The Slider," as his teammates call him, gave us many a thrill this year when he met a formidable defensive wall and seemed to slide through for those extra yards to help defeat the opposing team. His fine running ability was shown when Ray scored and helped defeat Mississippi State 28-0.

A black and white photograph showing a person wearing a hat and light-colored clothing operating a vintage tractor in a field. The tractor is positioned in the center-right of the frame, facing left. The background is filled with tall pine trees, their branches and needles creating a dense, textured canopy. The ground appears to be a mix of dirt and grass. The overall tone is historical and rural.

INITIATION
AND
FIELD DAY

Ah . . . you soiled your bib.

This year's Yankee!

Feel Really Clean . . .

Stand still a second will ya!

Well, Gueydan, what's new?

Seems to be a depression in the terrain.

Boy, this stuff is sticky!

Gettin' ready for a big squish.

Get out of the way I'm coming through!

Somebody help I'm sinking!

Get serious, this looks like a full days work.

How much wood can a peckerwood chop?

Beethancourt does it by himself

. . . an armadillo?

Show us how, Finis

Fire Fighters . . .

Good Form . . .

Part of Kennedy's physical fitness program

Don't forget your hat.

Chow Line . . . Satchel Simpson tend-
ing his chicken.

CHRISTMAS

This year's Christmas Party, under the direction of Social Chairman O. C. Brown, was a big success. Our party, held at Nelson Memorial, was attended by approximately thirty-five couples. Sandwiches and punch were made by the Pinettes. Many of the young-at-heart professors and their wives were present to keep the waltz alive while the "troops" performed the twist.

Gawd that's good!

"This waltz is for Mr. Marlin."

One in every crowd!

A non-twister?

PARTY

The Great Snowman

Always eating

Beauty and "The Beast"

Rogue's Corner

Aw, Honey - I'm not that fat!

Crazy motion!

SUMMER CAMP

The Barracks

Let's go up there, Adrin.

No Bologna tonight!

Get underwater, Thiels

"A local resident of reptilian fame"

A sea cow

"We haven't hung one up since I've taught at camp"

"@?;*@!!"

A major breakdown

"High quality lumber operation"

"Nothing but B & B"

It's a City Pools man

We'll call this a #3 log.

Who is that big guy?

Pushpetappa

"*¢@-#\$\$%, Finis!"

"To season lumber . . ."

Sodium pentachlorophenate keeps blue stain out

Cookin' oil, Doz!

The L.S.U. Society of Foresters again enjoys the reputation of being one of the top clubs in the College of Agriculture. The organization has a large membership, all of whom promote good times, friendship, and interest in our profession.

The Society contributes significantly to the extracurricular activities of forestry students by sponsoring the Annual Ring, the Freshman Council Fire, the Homecoming Display, Fall Field Day, the Christmas Party, the Annual Conclave Trip, and the Spring Party. These activities are financed largely by drink sales at the L.S.U. Rodeo and the student wages for student labor involved in clearcutting and planting an acre at the demonstration forest each year.

Meetings are held twice each month. The business meeting is usually followed by a program presented by a guest speaker.

XI SIGMA PI

Left to Right: Frank Bock, Keith Causey, Troy Duplessis, Peter Fogg, Dr. W. C. Hopkins, Mr. C. B. Marlin, Dr. W. S. Thompson, Clifton Whitehead, Dr. L. L. Glasgow, Dr. R. J. Xi Sigma Pi, the national forestry honor fraternity, was founded at the University of Washington on November 24, 1908.

Nu Chapter was founded at the L.S.U. School of Forestry on April 13, 1940, with 21 charter members. Only forestry students of high scholastic standing who show promise of attaining high professional achievement may be elected to membership in the fraternity.

The objectives of Xi Sigma Pi are to secure and maintain a high standard of scholarship in forestry education, to work for the upbuilding of forestry, and to promote fraternal relations among earnest workers engaged in forestry activities.

Each year Xi Sigma Pi presents an award to an outstanding sophomore student enrolled in the School of Forestry.

THANKS!

These are the companies that helped to make our Fall Field Day a success by contributing prizes for the field events:

Council Tool Co.

Silva Corp.

Ben Meadows Co.

Forestry Suppliers, Inc.

Lufkin Rule Corp.

Chicago Steel Tape Co.

Forest Farmer Corp.

Bill Lobdell, who drew the pictures of Pierre, the Cajun forester, deserves special thanks. Bill isn't a forestry student, but he is a friend of many of us, and he was more than happy to help us out.

Bill Darwin is also due special recognition. He spent many hours of his valuable time taking pictures for the class sections of the Annual Ring and developing them.

Adrin Keath drew the lifelike caricatures of Mr. Crow and Mr. McDermid. Thanks, Adrin!

SENTELL, N. WESLEY - Woodlands Mgr., Tennessee River Pulp and Paper Co., Counce, Tenn.; Married, 4 children.

SESSIONS, LEE C. - District Forester, Louisiana Forester Comm., Box 689, Hammond, La.; Married, 3 children.

YAWN, F. W. - Regional Forester, Arkansas Forestry Comm., Box 5900, Camden, Ark.

Class of 1935 (5)

ETZEL, ROBERT A. - Boy Scouts Executive; 139 Melton St., Longview, Texas.

KORTE, KARL H. - Associate Forester, Board of Commissioners of Agriculture and Forestry, Kahului, Maui, Hawaii.

MacCLENDON, TRAVIS - Woodlands Manager, Forest Products Division of Olin Mathieson Chemical Corp.; 1606 Emerson St., Monroe, La.; Married, 2 children.

OLSON, HAROLD W. - RFD 3, Winthrop, Me.

TOWNSEND, HAL E. JR. - M.F., LSU, 1949; Associate Professor of Forestry and Director of Men's Housing, Northwestern State College, Box 985, Natchitoches, La.

Class of 1936 (3)

BLAKE, DUNCAN C. - M.F., LSU, 1949; Division Industrial Engineer, Union Bag-Camp Paper Corp., Savannah, Georgia.

MIXON, JAMES E. - State Forester, Louisiana Forestry Comm., P.O. Box 15239, Broadview Station, Baton Rouge, La.; Married, 2 children.

WIEMAN, R. L. - Address Unknown.

Class of 1937 (24)

BOLAR, MAX D. - Area Forester, Soil Conservation Service, Hope, Ark.

CAMP, J. W. - Box 214, Bradley, Ark.

CHALK, A. T. - Assistant State Conservationist, 901 Sumter St., Columbia, S. C.; Married, 1 child.

COBB, H. C. - President; American Forest Seed Co., 1826 Dartmouth St., Alexandria, La.; Married, 4 children.

DELISA, L. - Assistant Laboratorian in Bacteriology, Bath, N. Y.

DIETRICH, WARREN E. - Forester and Agent, The Pardee Co., No. 1 Bay Creek Road, Box 269, Minden, La.

GAAR, FRED M. - In Charge of City Real Estate; 440 Hazelwood, San Francisco, California.

HUNT, THOMAS W. - Service

HERROD, JASPER B., JR. - President, Central Creosoting Co., Clinton, La.; Married, 6 children.

KITCHENS, J. H., JR. - Assistant Directory, Forestry Division, T. L. James & Co., Box 531, Ruston, La.; Married, 2 sons.

MINOR, HARMON E. - 1408 Missouri Ave., Houston, Texas.

MONTFORT, W. W. - Assistant Extension Forester, Mississippi Extension Service, State College, Miss.

PALMER, WILLIAMS McD. - M. F., Mich., 1938; Assistant State Forester, Louisiana Forestry Commission, P.O. Box 15239 Broadview Station, Baton Rouge, La.; Married, 2 children.

PERKINS, C. J. - M.S., LSU, 1952, Southland Research Center, International Paper Co., Bainbridge, Ga.

PIERSON, WOODROW D. - Rt. No. 4, Longview, Texas.

RHODES, ROBERT R. - M.S., Texas A&M, 1951; Assoc. Professor, Forestry Dept., Texas A&M College; 413 Walton Drive E., College Station, Texas; Married.

ROBERTS, CHRISTY E. - Division Supt., Wood Procurement Division; International Paper Co., Bastrop, La.

RORDAM, R. B. - Private Surveyor; 318 Carondelet St., New Orleans, La.

RUSSELL, E. J. - Associate Prof. of Forestry, Dept. of Forestry, Louisiana Tech.; 901 Robert St., Ruston, La.

SENTELL, JOHN - Farmer; 238 Albert Street, Shreveport, La.

SMITH, MARSHALL R. - Dist. Supt., International Paper Co.; Box 879, Pineville, La.; Married, 2 children.

TURBA, JOHN - 1223 Hodgson Street, Schenectady, New York.

VALENTINE, W. C. - Chief of Fire Control, La. Forestry Comm., 15239 Broadview Sta., Baton Rouge, La.

WOODCOCK, C. FRED - Forester, Olin Mathieson Chemical Corp., Box 488, West Monroe, La.; Married, 1 child.

Class of 1938 (22)

BANGO, HENRY L. - Consulting Forester, P.O. Box 5041, Shreveport, La.; Married, 2 children.

BREWER, W. L. - Supt. Land Acquisition; Riegel Paper Corp.; Box 65, Bolton, North Carolina; Married, 2 children.

BRYAN, JAMES E., JR. - Secretary and Chief Forester, L. N. Dantzler Lumber Co., Perkinston, Miss.; Married, 2 children.

BYRD, EDWIN L., JR. - 1310 Munday Ave., El Paso, Texas

DEFELICE, DAVE J. - Teacher; Raceland, La.

12 - 15 = 13

Start with 12 trees — harvest 15 — end up with 13! That's a miracle in anyone's book and yet that's just what the South has done in 25 years.

In 1935, Southern forests contained 120 billion cubic feet of wood. Since then, 147 billion cubic feet have been harvested. But these forests still contain more than 131 billion cubic feet — nine per cent more wood now than before that mammoth harvest.

I-P is proud that its foresters played a key role in this miracle of reforestation. Now they are meeting new challenges — like managing timberland for such varied purposes as watershed protection, hunting, and public recreation — or, using forest geneticists to develop improved strains of pines — or conducting complex economic studies in order to realize the greatest financial return from each acre of timberland.

This is truly modern forestry and it demands an ever-increasing number of college-trained men skilled in the latest technique of their profession.

WE SALUTE THE GOLDEN ANNIVERSARY OF LOUISIANA FORESTRY

It is entirely fitting and proper that we celebrate the Golden Anniversary of Louisiana Forestry and to honor and recognize those individuals, organizations, and agencies who have dedicated their efforts to restoring the rich forest heritage which Louisiana once enjoyed.

This anniversary should also be a time for sober reflection on the opportunities confronting us in properly managing and utilizing these resources.

Our forest lands will inevitably play a vital economic and social role in Louisiana's future.

Our task in the decades ahead, then, is to produce scientists and leaders of vision and wisdom who will discover ways and means of fully utilizing our abundant forest resources.

THE AMERICAN SPIRIT -- OUR RICHEST RESOURCE

Despite our vast natural resources,
America wouldn't be the great country it
is today without the AMERICAN SPIRIT.
The ambition, self-reliance, and energy
of a free people are the reasons why in-
dividuals--and industries--grow from
small beginnings.

Take Louisiana Power & Light Com-
pany, for example. A few far-sighted
men organized the Company, and other
people of faith and vision risked their
savings to make it go. Other folks com-
bined skill and hard labor to bring the
benefits of electric living to more and
more people. That's the American way
of progress--vision, hard work, and
business management.

Louisiana Power & Light Co.

"Helping Build Louisiana"

WE TOOK A LONG LOOK ---

AT THE FUTURE -- and found that forest research and management are essential to the expanding wood pulp industry.

We must depend on trained foresters to develop and implement techniques in wood utilization, timber harvesting and forest management in order to conserve our present timber resources...while growing more and better trees for the future.

To back up this belief, we have a broad and progressive research, nursery and reforestation program in full swing at our Foley, Florida, operation.

We congratulate you on your choice of the forestry profession and join with you in looking to a better future...through better forestry practices.

"If You Bank With Us -
You Can Bank on Us!"

Here are two pictures sent to us by Pat Molloy. The one on the left is of his little four year old girl, who received nationwide publicity a couple years ago as the nation's youngest Tree Farmer. She is standing in a twenty-two year old pine plantation (shown more clearly in the other photo) that was planted by Charlie Lewis and Pat in 1940. This plantation has an average Dbh of 10 in., an average total height of 70 ft., and 13,000 bd. ft. Scribner per acre. There are 200 trees per acre left after three harvest cuttings that brought a total of \$139.48 per acre or \$6.34 per acre per year.

Frank Bennett, LSU '28,

Hi Neighbors!

Since the LSU forestry camp first began on land donated by our predecessor company back in the 1920's, we have always welcomed the opportunity of being "Good Neighbors."

Crown Zellerbach recognizes the important contributions made by the LSU School of Forestry. We are honored and pleased that its students receive some of their training on our timberlands.

Crown Zellerbach's foresters look forward to working with each year's class, providing lectures and tours, and sharing of their experience.

We've enjoyed being neighbors and invite you to visit us again.

“The Willow King” keeps reputation with this Six Foot McDonough Band Mill

“Our new McDonough Six Foot Band Mill has now been installed in our new Hardwood Mill at Livonia, Louisiana for over 18 months. During that time our Band Mill has given us the best of service. We specialize in quality Willow Lumber. Our McDonough Band Mill enables us to maintain our reputation as “The Willow King”

“Our Saw Filer, who has filed many brands of Band Mills for over 36 years, tells us our new McDonough Six Foot Band Mill is the easiest Band Mill on saws he has ever seen because of the extremely sensitive and accurate saw strain.”

ESPER MARIONNEAUX LUMBER CO. James Marionneaux, Production Manager

Only a McDonough Band Mill has the features that let you . . .

- ★ Hit the saw at high speed
- ★ Produce accurate lumber with fast feed
- ★ Get longer saw life with minimum saw maintenance

Ultra sensitive, wide range saw strain coupled with a heavy top wheel

mounted on stationary shaft and an extra heavy lower wheel maintains strain even on a hot saw. You can hit the saw at high speed and get accurate lumber because the saw will not wander or snake. Eliminating slow-down to enter cut, or stopping to cool the saw, lets you get maximum production all day, every day. And, you don't need an oversize Band Mill to get maximum production on your logs.

For all the details on the latest developments in Band Mills write for your **FREE** copy of “An Appraisal of Band Mills in the Modern Sawmill and The Theory of High Speed Sawing With a Band Mill”.

FROM: A.S. McKean, President
Forestry Alumni Association

TO: School of Forestry Alumni
Association

Dear Fellow Alumni of the School of Forestry:

It is with pleasure that I prepare this letter for the Annual Ring. I am very proud of our annual yearbook and wish to thank and congratulate the officers of the Annual Ring. They are doing an outstanding job. Each member of our association should be a proud possessor of this fine publication.

As your president, I would like to express my personal appreciation for the fact that so many of you have given to the Forestry Scholarship Fund and are members of the General Alumni Association.

Each of us should be proud of the school that has helped us to prepare ourselves for productive careers in our field of work and has opened so many opportunities to us. Many good things have come to you and me. Won't you invite others to enjoy these privileges?

Sincerely,

A.S. McKean, President
School of Forestry Alumni Assoc.

Foresters' Code of Ethics

Adopted November 12, 1948

The purpose of these canons is to formulate guiding principles of professional conduct for a forester in his relations with other foresters, with his employers, and with the public. The observance of these canons secures decent and honorable professional and human relationships, establishes enduring mutual confidence and respect, and enables the profession to give it maximum service.

PROFESSIONAL LIFE

1. The professional forester will utilize his knowledge and skill for the benefit of society. He will cooperate in extending the effectiveness of the forestry profession by interchanging information and experience with other foresters, and by contributing to the work of forestry societies, associations, schools, and publications.

2. He will advertise only in a dignified manner, setting forth in truthful and factual statements the services he is prepared to render for his prospective clients and for the public.

RELATIONS WITH THE PUBLIC

3. He will strive for correct and increasing knowledge of forestry and the dissemination of this knowledge, and will discourage and condemn the spreading of untrue, unfair, and exaggerated statements concerning forestry.

4. He will not issue statements, criticism, or arguments on matters connected with public forestry policies, without indicating, at the same time, on whose behalf he is acting.

5. When serving as an expert witness on forestry matters, in a public or private fact finding proceeding, he will base his testimony on adequate knowledge of the subject matter, and render his opinion on his own honest convictions.

6. He will refrain from expressing publicly an opinion on a technical subject unless he is informed as to the facts relating thereto, and will not distort or withhold data of a substantial or other nature for the purpose of substantiating a point of view.

RELATIONS WITH CLIENTS, PRINCIPALS AND EMPLOYERS

7. He will be loyal to his client or to the organization in which he is employed and will faithfully perform his work and assignments.

8. He will present clearly the consequences to be expected from deviations proposed if his professional forestry judgment is overruled by nontechnical authority in cases where he is responsible for the technical adequacy of forestry or related work.

9. He will not voluntarily disclose information concerning the business affairs of his employers, principals, or clients, which they desire to keep confidential, unless express permission is first obtained.

10. He will not, without the full knowledge and consent of his client or employer, have an interest in any business which may influence his judgment in regard to the work for which he is engaged.

11. He will not, for the same service, accept compensation of any kind, other than from his client, principal, or employer, without full disclosure, knowledge, and consent of all parties concerned.

12. He will engage, or advise his client or employer to engage, other experts and specialists in forestry and related fields whenever the client's or employer's interests would be best served by such actions, and will cooperate freely with them in their work.

RELATIONS WITH PROFESSIONAL FORESTERS

13. He will at all times strive to protect the forestry profession collectively and individually from misrepresentation and misunderstanding.

14. He will aid in safeguarding the profession against the admission to its ranks, of persons unqualified because of lack of good moral character or of adequate training.

15. In writing or in speech he will be scrupulous to give full credit to others, in so far as his knowledge goes, for procedures and methods devised or discovered and ideas advanced or aid given.

16. He will not intentionally and without just cause, directly or indirectly, injure the reputation or business of another forester.

17. If he has substantial and convincing evidence of unprofessional conduct of a forester, he will present the information to the proper authority for action.

18. He will not compete with another forester on the basis of charges for work by underbidding through reduction of his quoted fee after being informed of the fee quoted by a competitor.

19. He will not use the advantages of a salaried position to compete unfairly with another forester.

20. He will not attempt to supplant another forester in a particular employment, after becoming aware that the latter has been definitely engaged.

21. He will not review the work of another forester, for the latter's employer, without the other's knowledge, unless the latter's connection with the work has been terminated.

22. He will base all letters of reference or oral recommendation on a fair and unbiased evaluation of the party concerned.

23. To the best of his ability he will support, work for, and adhere to the principles of the merit system of employment.

24. He will not participate in soliciting or collecting financial contributions from subordinates or employees for political purposes.

25. He will uphold the principle of appropriate and adequate compensation for those engaged in forestry work, including those in subordinate positions, as being in the public interest and maintaining the standards of the profession.
