LSU Faculty Senate Resolution 11-14

Including International Activity in LSU'S Diversity Annual Report

Introduced at the request of the Faculty Senate International Education Committee

Whereas Diversity is one of the four goals for LSU Flagship 2020 with expanding supportive communities for international students is an integral part of the diversity definition.

Whereas Engagement is one of the four goals for LSU Flagship 2020 with extending the influence of scholarly expertise to benefit our state, region, and the globe is an important part of our engagement goal

Whereas LSU faculty and administration have struggled in recent years to find information and statistics that document campus international related activities

Whereas the lack of documentation hinders any true measure of progress in regarding campus-wide international activities

Whereas including all international related activity into an annual international activity report will document international related activities that involve administration, faculty and students

Whereas including international related activity into an annual report will demonstrate LSU's commitment to international related activities

Whereas including international related activity into LSU's official reporting will enable us to measure and report any progress we made annually

Whereas LSU International Programs should be responsible for data collection and generate such report

Therefore be it resolved that the LSU Faculty Senate recommends including campus' international related activities in International Programs' annual international activity report.
