

Mathematics library news 3 February 2008

Good News ...

Journal of Topology, Geometry and Topology, and *Algebraic and Geometric Topology* are on order and will be available very soon.

Middleton is subscribing to both paper and electronic editions of *Journal of Topology*, and to electronic editions of *Geometry and Topology* and *Algebraic and Geometric Topology*.

Proofs Without Words II

Over the past year, we have received 34 requests for Mathematics titles. Of these 21 have arrived (including one 4-volume set) and 10 are currently (2/21/08) on order.

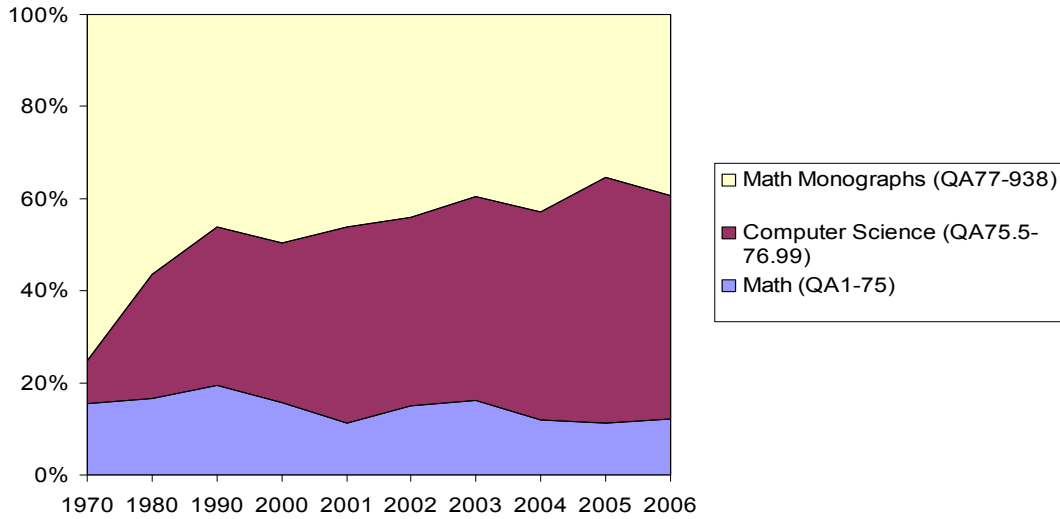

3 are unfortunately out of stock and unavailable: Caps, *Evolution Equations in Scales of Banach Spaces*; Luo, *Stability and Stabilization of Infinite Dimensional Systems with Applications*; and Tanabe, *Functional Analytic Methods for Partial Differential Equations*.

Your Mathematics Librarian is eager to receive requests, since these are the only way to be certain that what is ordered is really what is wanted.

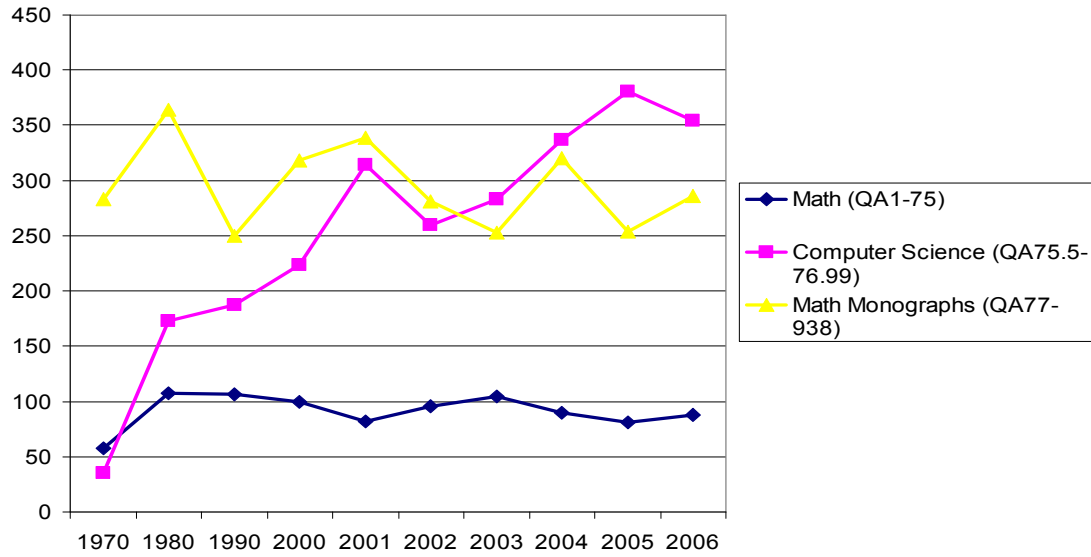

See the reverse side for analysis of the Middleton Library Mathematics collection.

Do not hesitate to contact the library about your book and journal wish lists: Aaron Lercher at alerche1@lsu.edu
